

Surface Play

Oak Winter by Mikasa, the premium engineered wooden floors, is a modern series of surface finishes. Greenlam Industries Ltd. takes us by surprise by reinventing dull browns and beige, with this sunning series.

OF FLORAL NOTES

Glass Sutra, an initiative by the lovely Reshmi Dey, stretches the imagination of what we thought possible with glass. Her approach to design brings our way delicate designs, with abstract and funky shapes and forms. We love!

A new name on the block, Artisan Lab brings us an interesting curation of all things design. With the festive season close on our heels, we have a new place to visit and shop, till we drop!

The Wood Crusader

It's nothing short of inspiring! Architect, Rathin Goghari, the mastermind of Algaari, the Ahmedabad-based design firm is on a mission to reuse wood and create sustainable decor pieces!
