STEP UP

Mikasa staircase solutions features wooden staircases that create a seamless transition between your floors, skirtings, and stairs by naturally combining materials that maintain consistency in design at different levels. Available in both **Classic Stairs** (with riser) and **Contemporary Stairs** (without riser) formats. mikasafloors.com

HANDS-FREE HYGIENE

Stepping up to the 'new normal' lifestyle, **Hindware** has unveiled its latest range of contactless Sensor Faucets. Seen here is the striking chrome-plated brass-bodied **Flora** faucet, that operates via infrared sensor technology for optimum performance as well as water conservation. hindwarehomes.com

TILE UP

By restricting moisture from entering the spaces and thus avoiding molds, the improved ventilation layer in the newly launched tiles from **Panasonic Life Solutions** keeps your health in ship-shape. Additionally, the ceramic coating layer offers robust protection against fading and sun burning. Its time to reinvent the tile to be more than just a look-at-me element in your room! isin.panasonic.com
